# SANLIDA ARCHERY STORY

Sanlida was founded in 1998 and is one of the largest manufacturers of archery equipment in the world, providing OEM services for multiple top brands in the United States and Europe. It is the only enterprise that offers a full range, full levels, and full set of archery equipment. Based on the company's well-established supply chain system and production capacity, Sanlida continuously reduces costs while ensuring product quality, providing users with products with the **ultimate cost-effectiveness**, and is committed to allowing everyone to enjoy the fun of archery.

Sanlida has a deep cooperation with the world's largest archery competition organization, the World Archery, and all of its competition equipment series products are certified by the World Archery. And title sponsoring the World Archery Ranking greatly enhances the brand's influence.

Sanlida is also the only brand in China that has maintained a 10+ year cooperative relationship with the world's most influential archery trade organization ATA, and continues to spare no effort in contributing to the development and growth of archery sports.

## LET EVERYONE ENJOY ARCHERY SHOOTING

Currently, there're 12 National Archery Federation collaborate with us, more than 10 national team archers are using Sanlida equipment to participate in competitions and have achieved impressive results.

Sanlida's over 100 dealers are located in more than 50 countries across Asia, Europe, North America, South America, Oceania and Africa, providing convenient and high-quality products and services to millions of archers from all over the world.

**Package: 24pcs/ box**

**12pcs/box**

## Dragon 8 Compound Carbon Arrows

**+/- 0.006  
Straightness**

Material: 100% Pure Carbon

**Straightness: +/-0.006**

Shaft Length: 32"

Spine: 250-500 (in each 10 spine increments)

Shaft Inner Diameter: 0.244 inch

Shaft Outer Diameter: 0.299/0.293/0.288/0.285/0.283/0.281 inch

GPI: 9.06/8.00/7.18/6.7/6.12/5.98 grain

Weight: 18.8/16.6/14.9/13.9/12.7/12.4g

**Package: 24pcs/ box**

**12pcs/box**

## Warpath 10 Carbon Crossbolts

Material : 100% Pure Carbon

Straightness : +/-0.001

Shaft Length : 20"/ 22"

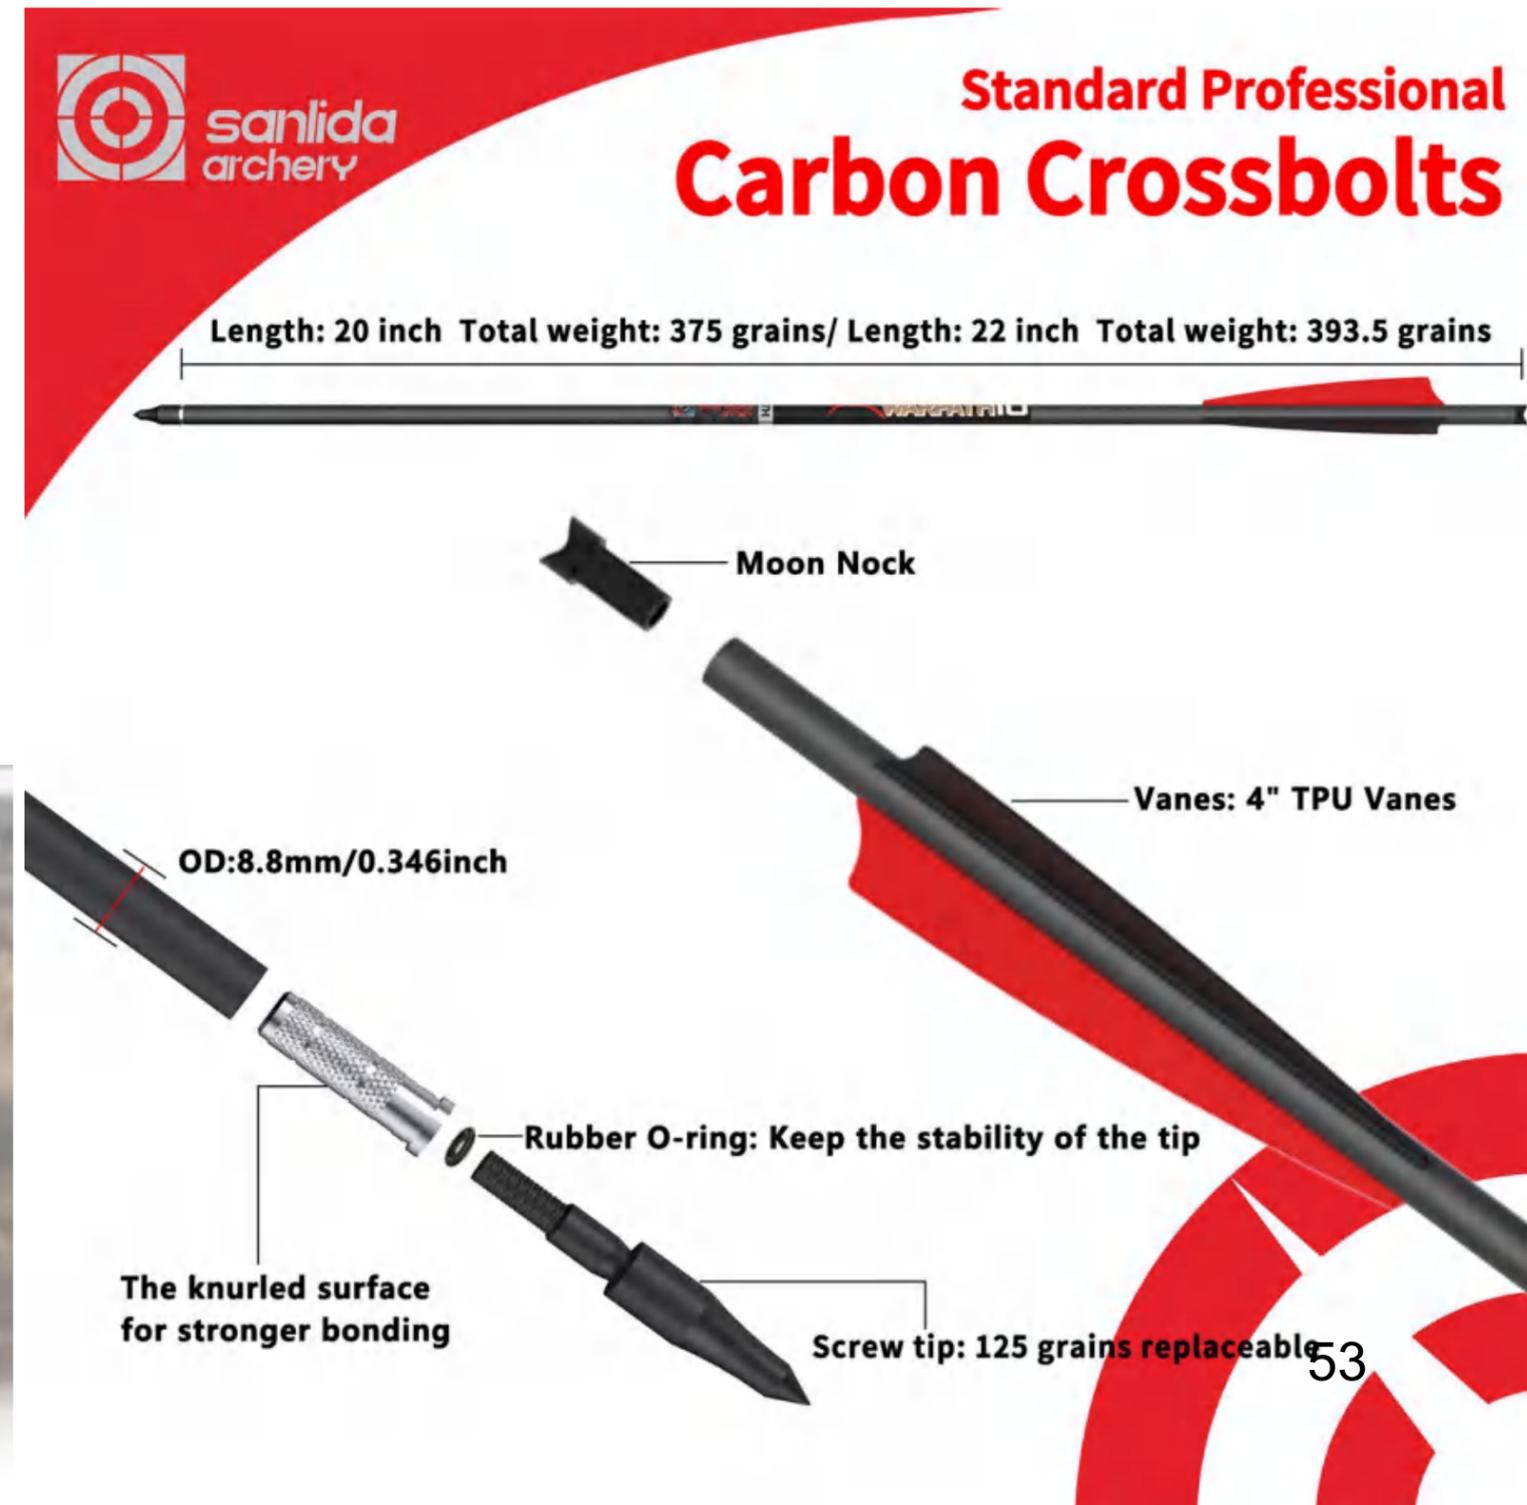

Shaft Inner Diameter : 0.300"

Shaft Outer Diameter : 0.346"

GPI : 9.04

Weight : 11.72/ 12.9 g

Package: 24pcs

## Warpath 9 Carbon Crossbolts

Material : 100% Pure Carbon

Straightness : +/-0.003

Shaft Length : 20"/ 22"

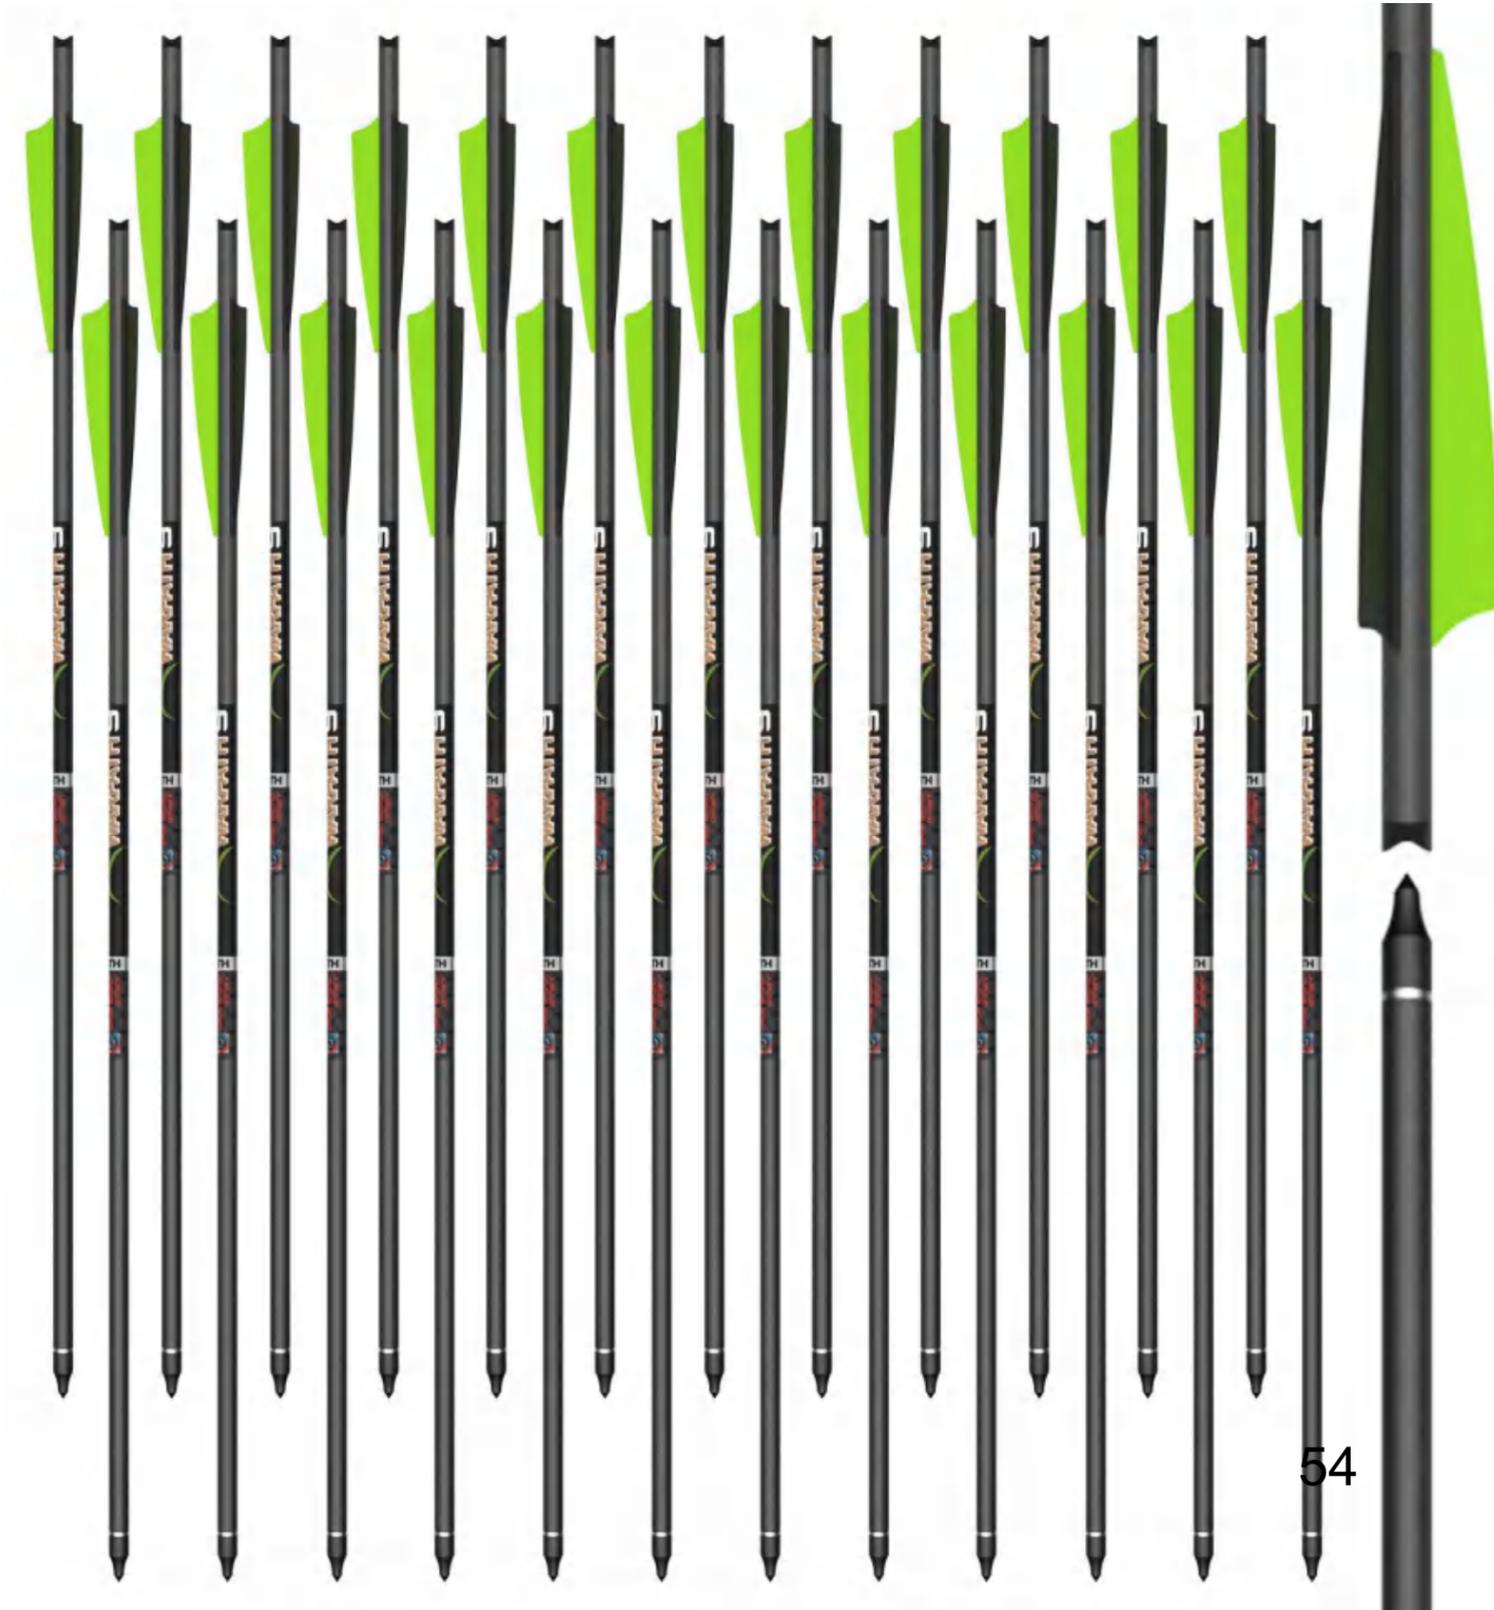

Shaft Inner Diameter : 0.300"

Shaft Outer Diameter : 0.346"

GPI : 9.04

Weight : 11.72/ 12.9 g

Package: 24pcs

## Warpath 8 Carbon Crossbolts

Material : 100% Pure Carbon

Straightness : +/-0.006

Shaft Length : 20"/ 22"

Shaft Inner Diameter : 0.300"

Shaft Outer Diameter : 0.346"

GPI : 9.04

Shaft Weight : About 180/ 200 gn

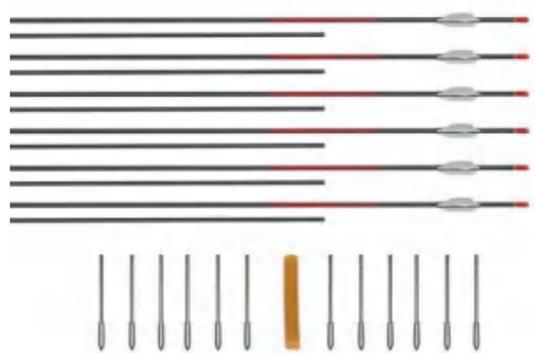

Arrow Head Weight : About 125 gn

Arrow Weight : About 375/ 395 gn

Package: 24pcs

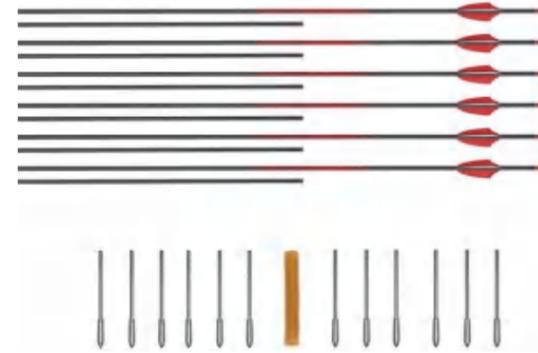

### X9 Target Recurve Carbon Arrows

**Spin vanes**  
**Anti explosion nail**  
 Arrow tip: 120 grain (Tip is not mounted for cutting shaft easily)  
 Shaft Length and Spine: 32" for 400, 500 and 600; 30" for 700, 800 and 900.  
 Shaft Inner Diameter: 3.2mm  
**Package: 12pcs/ box**

### X9 Target Compound Carbon Arrows

**Shield vanes**  
**Anti explosion nail**  
 Arrow tip: 120 grain (Tip is not mounted for cutting shaft easily)  
 Shaft Length and Spine: 32" for 400, 500 and 600; 30" for 700, 800 and 900.  
 Shaft Inner Diameter: 3.2mm  
**Package: 12pcs/ box**

### X8 Target Recurve Carbon Arrows

**Vanes color: 1pc white + 2pcs blue**  
 Vane Shape: Shield  
**Anti explosion nail**  
 Arrow tip: 120 grain  
 Shaft Length: 32"  
 Spine Options: 600  
 Shaft Inner Diameter: 4.2mm  
**Package: 12pcs/ box**

### X8 Target Compound Carbon Arrows

**Vanes color: 1pc white + 2pcs blue**  
 Vane Shape: Shield  
**Anti explosion nail**  
 Arrow tip: 120 grain  
 Shaft Length: 32"  
 Spine Options: 600  
 Shaft Inner Diameter: 4.2mm  
**Package: 12pcs/ box**

### X7 Recurve Fiberglass Arrows

Vane Shape: Parabolic  
 All parts sticked already  
 Shaft Length: 30"  
 Shaft Inner Diameter: 6mm  
**Package: 12pcs/ box**

### X7 Compound Fiberglass Arrows

Vane Shape: Parabolic  
 All parts sticked already  
 Shaft Length: 30"  
 Shaft Inner Diameter: 8mm  
**Package: 12pcs/ box**

## X8 Hunting Compound Fiberglass Arrows

### Anti explosion nail

Arrow tip: Field tip. 120 grain (Tip is not mounted for cutting shaft easily)

Shaft Length: 30"

Shaft Inner Diameter: 7.8mm

**Package: 12pcs/ pack**

## X8 Hunting Recurve Mix Carbon Arrows

### Feather Vanes

### Anti explosion nail

Arrow tip: Field tip. 120 grain

Shaft Length: 30"

**Package: 12pcs/ box**

## X10 Target Stainless Steel Point

Stainless Steel

Insert diameter 3.18mm

Hardness 38HRC

Weight Options: 100 grain, 120 grain

**Package: 12pcs/ box**

## X10 Target Tungsten Steel Point

Wear-resisting Tungsten Steel

Insert Diameter 3.18mm

Tip Diameter 5.2mm

Total Length: 45mm

Weight Options: 120 grain, 140 grain

**Package: 12pcs/ pack**

## X7 Compound Fiberglass Arrows

Vane Shape: Parabolic

All parts stucked already

Shaft Length: 30"

Shaft Inner Diameter: 8mm

**Package: 12pcs/ pack**

### X10 Explosion-proof Nock Pin

### X10 Target Arrow Nock

#### **Out Nock**

Size: S, L

For Shaft OD: 4.2mm

Color Options: Green, yellow, red, blue

**Package: 12pcs/ pack**

### X10 Target Recurve Vanes

Spin Vanes

Length: 1.75"

Color Options: Pink, blue, white, silver, gold, purple

**Package: 50pcs/ box**

### X10 Target Compound Vanes

Shield Shape

Length: 1.75"

Color Options: Pink, blue, white, yellow, red

**Package: 50pcs/ box**

# TARGET FACE

### Outdoor 122cm Target Face

Full Target
